(4) The proposal may be approved. If other accommodation has to be provided for the weaving factory it will involve an expenditure of 15 a/20 or 16 Rs for a suitable building.

(5) The weaving factory is still in an experimental stage of its existence, it would be unwise to lay out a large sum of money on buildings for it.

ITEM No.	29

TO

The Secfetary to the Government of His Highness the Maharajah of Mysore in the Department of Industries and Commerce in Mysore, Bangalore.

SIR,

I have the honour to request that the following arrangement may be sanctioned by Government in regard to the Weaving Department: For some time past, we have been occupying part of the new Industrial School under construction by Mr. Dodanna. The buildings assigned to us, are, however, quite insufficient for the development of the work and I have been unable to induce Mr. Dodanna to come to any arrangement with regard to the amalgamation of the Weaving Department with his Industrial School, and the development of the same. It is essential that we should have more space, and as a temporary measure, Mr. Dodanna offers to place at our disposal the south and east sides of the quadrangle for a monthly rental of Rs. 200/-. This money he looks upon as a grant-in-aid, which will be used for the development of the Industrial School which is under his own control. The arrangement seems to me to be an excellent one, as it will enable us to obtain sufficient space for the development of the Weaving Department and it will at the same time enable Mr. Dodanna to carry on his Industrial School on a more satisfactory basis. I therefore strongly recommend that the proposal should receive the sanction of Government, and I would request that the matter may be dealt with as early as possible, as it will be convenient to enter upon the additional premises on the 1st of July. I would suggest that the arrangement
